Dear Mr. Weisberg

Thanks for writing back. So People Could have gotten ahead of Curry. I thought so, What doesn't make sense to me is that If the Goverment didn't have anything to hide Then Why don't they tell the truth. Why don't they let People look at the Sealed files. It don't matter What the goverment says its most likey a lie.

I must ask this, or Should Say everyone I talked to, they Want to know if you ever or Still have troble With the Goverment.

I have been busey working on my book and I hope Some day it will get done. Charle is working hard on typing and Getting every thing in order.

I was wondering if you have any of Oswald's discharge Papers from the Marines. If you do have them handy Would you Please Send it too me. If you Can't It's OK. Thank you.
